Workshop-Notice
MLIS/ MSW Dissertation

The attendance of the students in workshops for Dissertation of MSW and MLIS has been made compulsory w.e.f TEE 2019 which has been mentioned in relevant section of the PG Prospectus. All the participants are compulsorily required to attach/ submit the participation certificate with the Dissertation.

The School organizes such workshops to orient them in preparing the dissertation. It is the responsibility of the students to attend the workshops as and when the workshops are held either online or in campus. The School notifies the same with sufficient time gap to inform the students through website.

So far, the School has arranged the following workshops/ online classes on Field work and Dissertation.

We have come to know that the students are filling up the FEEDBACK form during the workshop with wrong spelling of their name, enrolment no. and e-mail ID. Since the certificates are autogenerated, the student concerned is responsible for not getting his/ her certificate due to wrong information.

So, all the students are advised to give their correct information viz. name, enrolment no. E-mail ID etc. in the feedback form so that they can get the participation certificate as soon as they submit the FEEDBACK form.
